

# SUBJECT INDEX

The subject index has been developed to assist you in finding regulatory and pollution prevention information contained within the guidebook. The various statutes and rules are not included in the index. If you need assistance in locating them, see Appendix E, Summary of Statutes and Rules.

The terms identified in the subject index fall under the following categories:

- ☒ Regulatory activity (e.g., record keeping and reporting)  
**Regulatory activities are in boldface type.**
- ☒ Pollutant (e.g., air emissions and hazardous waste)
- ☒ Materials (e.g., inks)
- ☒ Business terms (e.g., plate making)
- ☒ Regulatory terms (e.g., EPA Identification Number)
